Amendments to the Claims:

This listing of claims replaces all prior versions and listings of claims in the application.

Listing of Claims:

Claim 1 (Currently Amended): An image forming apparatus replaceably containing a

plurality of replaceable components; comprising:

a non-volatile memory for storing a total print copy number updated each time a

prescribed number of print copies are made, and a subsequent replacement schedule of copy

number for each component; and

a controller for judging the lifespan of each component on the basis of a comparison

between said total print copy number and said subsequent replacement schedule copy number of

each component.

Claim 2 (Original): The image forming apparatus according to claim 1, wherein, when

one of the components is replaced, the subsequent replacement schedule copy number for said

component as stored in said non-volatile memory is updated to a value obtained by adding a

lifespan copy number previously determined for said component to the total print copy number at

the time of replacement.

Claim 3 (Currently Amended): An image forming apparatus replaceably containing a

plurality of replaceable components; comprising:

Response under 37 C.F.R. 11 Attorney Docket No. 001168 Serial No. 09/667,714

a non-volatile memory for storing a total printing time updated each time a prescribed printing time period has elapsed, and a subsequent replacement schedule time period for each component; and

a controller for judging the lifespan of each component on the basis of a comparison between said total printing time and said subsequent replacement schedule time period of each component.

Claim 4 (Original): The image forming apparatus according to claim 3, wherein, when one of the components is replaced, the subsequent replacement schedule time period for said component as stored in said non-volatile memory is updated to a value obtained by adding a lifespan time period previously determined for said component to the total printing time at the time of replacement.

Claim 5 (Original): The image forming apparatus according to claim 3, wherein said component is a print unit, a toner cartridge, a fixing unit, or a belt.

Claim 6 (Original): The image forming apparatus according to claim 2, wherein said component is a print unit, a toner cartridge, a fixing unit, or a belt.
